lvl ‘wrapped’ (2024 year in 7 slides)

UvA

UNIVERSITEIT VAN AMSTERDAM
https://ivi.uva.nl/

Informatics Institute

Our mission is to perform curiosity-driven and use-inspired fundamental research and to train academic talent in diverse areas of informatics.

UvA

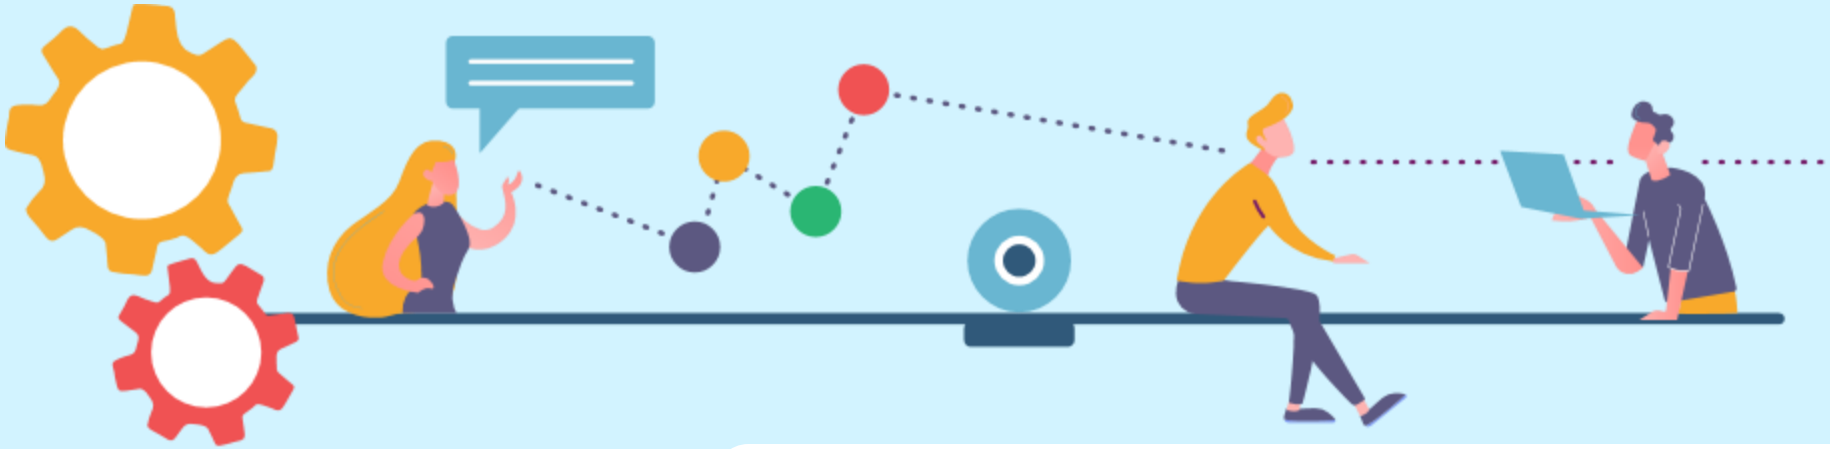

People

In 2024 we welcomed 79 new colleagues (not counting guests):

- 47 PhDs
- 21 research staff (postdocs and professors)
- 11 support staff

Ivl has now 298 FTE

Get together

We meet all together 4 times per year:

- in March and September for the afternoon Institute seminars
- in June for the Education day
- in December for the All Hands Meeting

We organize via 4 teams:

- The management team (MT)
- The Professor and Group leaders (PGL)
- The Staff Council
- The PhD Council

UvA

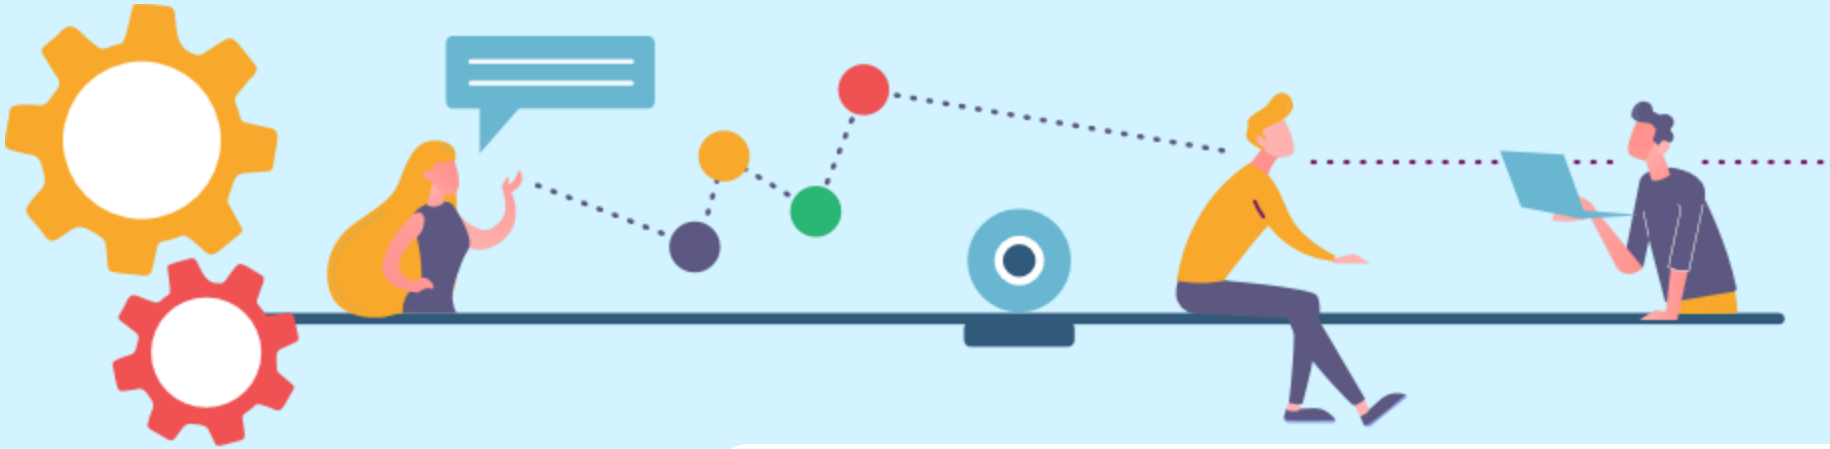

Science

In 2024 we continued our research across our core **5 themes**:

- Artificial Intelligence
- Computational Science
- Data Science
- People, Society and Technology
- Systems and Networks

Highlights

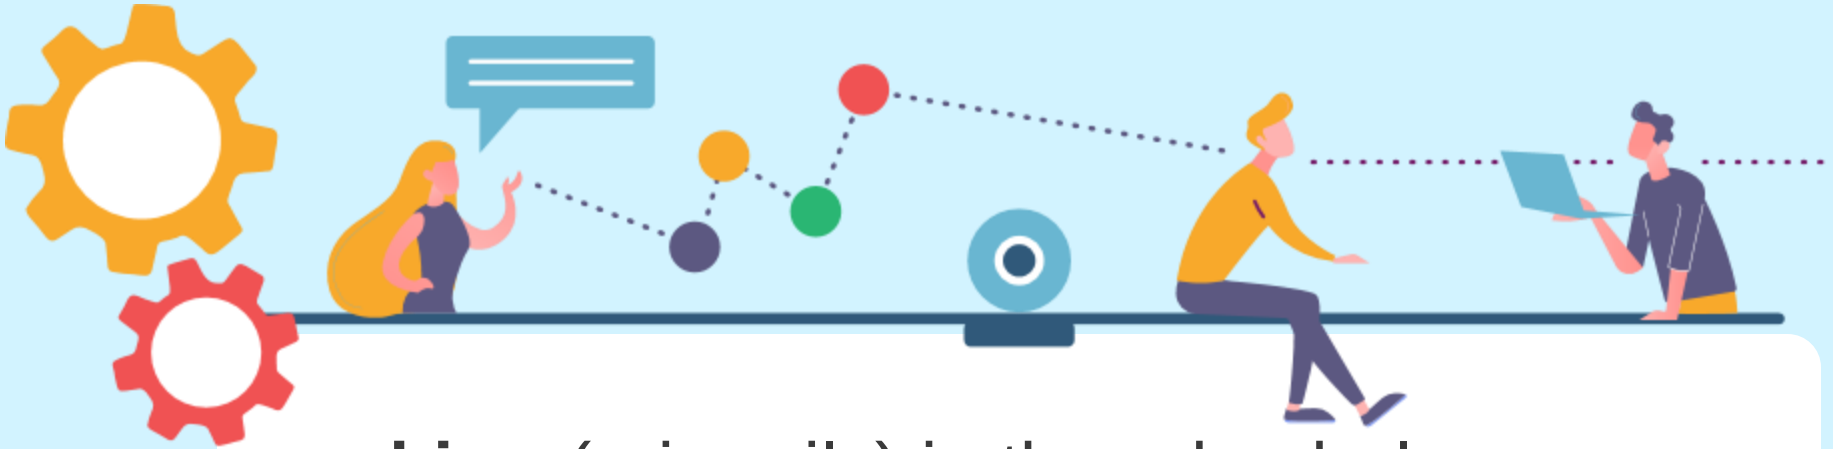

42 PhD graduations

Many collaborative projects from EU and NWO funding: eg gravitation funds, perspectief funds.

3 personal grants: 1 VENI, 1 VIDI and 1 ERC Starting

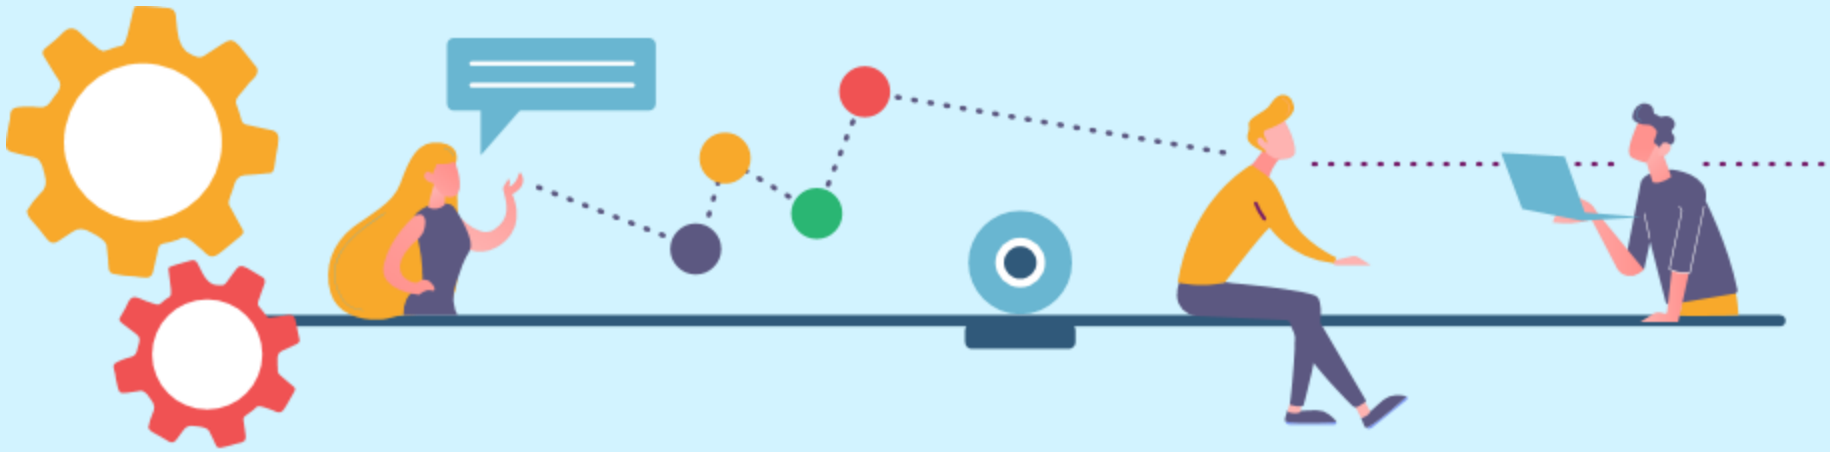

Open science: 31 datasets published

UvA

Teaching (primarily) in three bachelor programs and eight master programs.

Valorizing our work with strong ties with our industrial collaborators.

The budget cuts in higher education will have a big impact also on lvl.

Look at 2025 as the year when we have to find a new balance.

UvA

Thanks!

To all attendees
