# PhD Council

Representative body for PhD candidates
of the research groups and labs at the IvI

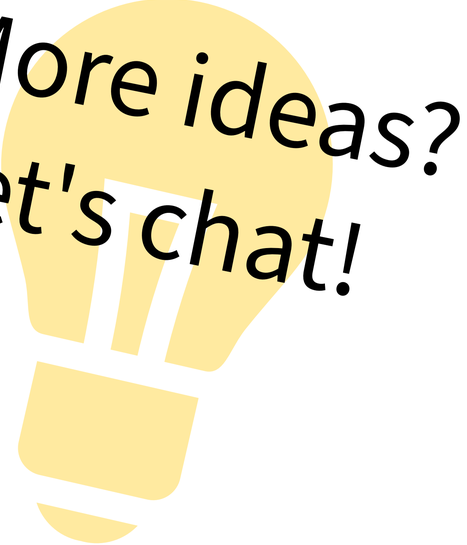

## Current Challenges

**PhD Networking within IvI**
IvI has lots of interesting PhD candidates but meeting each other is not trivial.
We are working on ways to make this easier!

**Internship policy**
We are involved in the discussions regarding the internship policy.
This is ongoing and we would love your input!

## Events

We regularly host events:
- Yearly writing retreat
- **NEW!** Taalcafe at IvI
- Start of Academic year Pizza
- **TODAY!** Speed networking

Our mission is to create a supportive and inclusive environment for PhD candidates at IvI.

We are looking for members from:
CSL, CV, MNS, PCS, quarAI and VIS!

Let us know if you want to know more!

## Welcome Guide

We maintain a welcome guide for new PhD candidates at IvI.

Have a look and send it to your new colleagues!

You can find it at the QR code and on our website.
